## TECHNICAL INFORMATION

### Miruna Stitching Wire

Premium Grade Wire

#### STITCHING WIRES - Printing Industry

Miruna stitching wires provide high production performance, avoid waste and represent a real benefit to your post press line. They come in vast diameters and treatments to allow greater protection against oxidation. Produced within international specifications and under strict quality control, Miruna wires can be used in all stitching machines and are present in the graphic industry worldwide.

#### FLAT

PRODUCT ID	DESCRIPTION
SW M8055F 3.5	STITCHING WIRE, MIRUNA 0.8MM X 0.55MM, FLAT, 3.5KG
SW M9065F 3.5	STITCHING WIRE, MIRUNA 0.90MM X 0.65MM, FLAT, 3.5KG
SW M10080F 2.2	STITCHING WIRE, MIRUNA 1MM X 0.8MM, FLAT, 2.2KG
SW M120100 2.2	STITCHING WIRE, MIRUNA 1.2MM X 1MM, FLAT, 2.2KG

#### ROUND

PRODUCT ID	DESCRIPTION
SW M50R 2.2	STITCHING WIRE, MIRUNA 0.50MM, ROUND, 2.2KG
SW M50R 3.5	STITCHING WIRE, MIRUNA 0.50MM, ROUND, 3.5KG
SW M55R 3.5	STITCHING WIRE, MIRUNA 0.55MM, ROUND, 3.5KG
SW M60R 3.5	STITCHING WIRE, MIRUNA 0.60MM, ROUND, 3.5KG
SW M70R 3.5	STITCHING WIRE, MIRUNA 0.70MM, ROUND, 3.5KG
SW M90R 2.2	STITCHING WIRE, MIRUNA 0.90MM, ROUND, 2.2KG
SW M90R 3.5	STITCHING WIRE, MIRUNA 0.90MM, ROUND, 3.5KG

#### STITCHING WIRES - Packaging Industry

Miruna packaging stitching wires are produced specifically for application in corrugated boxes, wood and plastic. The wire is manufactured with the best raw materials, ensuring that when the wires are shaped into staples they do not break, work fluidly through the machine's stitching heads, without damage to the staple or machine.
